 - **Domain Expertise:** SaaS Product Design, AI Product Design, ESG Platforms, Enterprise Applications, Workflow Optimization, Agentic AI Interfaces
 - **Soft Skills:** Problem Solving, Time Management, Collaboration (Agile, Cross-functional Teams)
-

EXPERIENCE

- **UI/UX Designer at Sustainext Digital Pvt Ltd.**
Bengaluru, Karnataka November 2025 to Present
 - Designing scalable UI/UX solutions for an enterprise SaaS platform focused on ESG management and Agentic AI-driven workflows.
 - Conducting research, ideation, and experience planning for multiple product modules based on PRD requirements.
 - Successfully designed and delivered key modules including Agentic AI and Supply Assessment systems from concept to production.
 - Created wireframes, user flows, high-fidelity UI designs, interactive prototypes, and responsive dashboard experiences using Figma.
 - Improved workflow efficiency and reduced user complexity by simplifying enterprise user journeys and interaction flows.
 - Conducted user research and workflow analysis to identify usability gaps and improve enterprise user experiences.
 - Created user flows, journey maps, and interactive prototypes for AI-driven product modules.
 - Collaborated with product managers, developers, and stakeholders in Agile environments to align user needs with business objectives.
 - Performed iterative design improvements based on stakeholder feedback and usability insights.
 - Ensured responsive and accessible design consistency across multiple enterprise modules.
- **UI/UX Designer at Bharat Electronics Limited** (*Contract via Quantum Asia Pvt. Ltd.*)

Bengaluru, Karnataka

January 2025 to November 2025

- Led end-to-end UI/UX design for confidential government and defence platforms.
- Designed secure and accessible interfaces for government and defense platforms with a strong focus on usability and clarity.
- Collaborated with cross-functional teams to gather requirements and translate complex workflows into intuitive digital experiences.
- Created wireframes, prototypes, and UI documentation to support development and stakeholder communication.

- **UI/UX Designer at Nudijenu Publishers**

Karwar, Karnataka

September 2023 to December 2024

- Redesigned and launched responsive websites, improving digital reach by 30%.
- Conducted user research, wireframing, and prototyping for multiple web and service-based projects.
- Strengthened brand identity through visually engaging and accessible design systems.
- Collaborated in Agile sprints with developers to ensure design consistency and timely delivery.

- **Layout Artist at Nudijenu Publishers**

Karwar, Karnataka

August 2020 to March 2023

- Modernised print layouts and optimised visual hierarchy, leading to a 42% increase in NPS.
- Standardised reusable templates for future editions, improving design efficiency by 25%.
- Designed print ads and visuals that enhanced audience engagement and supported local advertiser visibility.

INTERNSHIP

- **Front-end Developer at RDL Technologies PVT LTD.**

Mangaluru, Karnataka

June 2023 to Sept 2023

- Developed a responsive dashboard for Smart Warehouse Management using ReactJS and Material UI.
- Collaborated with the design team to improve usability and interface consistency.
- Contributed to key modules like Inventory, Product Info, and Invoicing.

PROJECTS

- **UI/UX Designer at TrustIn News [project link](#)**

Bengaluru, Karnataka

December 2023 to March 2024

- Initiated a project that helped News readers and job seekers get customised Regional news and job openings that generated public interest.
 - Conducted user experience research through competitor analysis, empathy mapping, user persona creation, and user journey mapping.
 - Designed a News feed customisation user flow in under 4 months for a responsive mobile app using Figma through Sketching, Wireframing, Prototyping, and User testing.
 - Managed the project using the agile development framework to assure efficiency and quality.
-
